AUTOMATED EXTERNAL DEFIBRILLATOR (AED) GUIDELINES

Stevensville Public School District recognizes that from time to time emergencies may arise that justify the use of an Automated External Defibrillator (AED). The school district has 6 AED units strategically placed and easily accessible throughout the campus. The placement of the units allows for response time of 3-5 minutes from the time a cardiac emergency is identified to the time the first AED shock.

The school district has a designated AED team which is to be notified via a campus-wide all call in the event of a cardiac emergency. Staff on the AED team have current certification in CPR/AED. If the AED team is called to an emergency, they will bring an AED unit to the scene, and take over care from whomever initiated care in the emergency situation.

It is the responsibility of each staff member to know where each of the AED units is located throughout campus in the event they are asked to get one.

AED Units are located as follows:

- *K-3 Building – On wall in Office*
- *Elementary Gym – on wall near PE Office*
- *4-8 Lobby – North wall*
- *Multi-Purpose Room (MPR)/Lunch Room on the west wall just inside the south door*
- *High School Gym – Just inside the main entrance on north wall*
- *High School Office –*
- *One unit is portable and is located in the equipment building at the football field during fall and spring sports and in the Athletic Directors Office during the winter season.*

Staff may check out certain district-owned equipment. Such equipment may not be used for personal financial gain. An equipment-use form must be submitted and approved. In the event of loss or damage to the equipment, the District will assess a fee according to the repair or replacement costs.

Forms are available in the District Office.

CASH IN DISTRICT BUILDINGS

Money collected by staff as a result of fund raisers or other school-related purposes is to be deposited in the District Office whenever the sum accumulated in any one day, by a class, staff member, or others, exceeds \$25. **Do not use cash to purchase items. All staff are required to check out/in with the building principal. This will enable office staff to respond appropriately in the event of message and emergency situations that may arise.

Year-End Checkout

All staff must complete a checkout at the conclusion of the school year with the building principal. All grades, forms, and required work must be completed prior to the issuance of final paychecks.

CHILD ABUSE REPORTING

A staff member who, based on reasonable grounds, participates in the good-faith making of a child abuse report shall have immunity from any liability, civil or criminal, that might otherwise be incurred or imposed as provided by law.

CLASSROOM SECURITY

When leaving the classroom, locker room, or other work areas between classes or at the end of the day, teachers are expected to turn off the lights, including SmartBoards, and secure all doors. Windows should also be secured at day's end.

All staff are asked to refrain from keeping personal items of value in or about their desks. Purses should never be left unsecured. Students should be instructed to leave valuables at home. The district will not be responsible for the loss of, or damage to, personal property due to such causes as fire, theft, accident, or vandalism.

COMMUNICABLE DISEASE/BLOODBORNE PATHOGENS/INFECTION CONTROL PROCEDURES

The district provides for the reasonable protection against the risk of exposure to communicable disease to all staff while engaged in the performance of their duties. Protection is provided through immunization and exclusion in accordance with Montana Code Annotated and the Administrative Rules of Montana. Infection control procedures, including provisions for handling and disposing of contaminated fluids,

have also been established through Board policy and administrative regulations for staff and student protection.

All staff shall comply with measures adopted by the district and with all rules set by the Montana State Health Department and the county health department.

Staff members have a responsibility to report to the district when infected with a communicable disease unless otherwise stated by law.

COMPLAINTS

Student/Parent Complaints

The district recognizes that complaints regarding staff performance, discipline, grades, student progress, and homework assignments will be made by students and parents from time to time. Every effort will be made to ensure that such complaints are handled and resolved informally and as close to their origin as possible. Students, parents, and others with complaints will be encouraged to discuss the complaint directly with the staff member. All such meetings should be held in confidence and not in the presence of others.

If the complaint is not informally resolved, staff should advise the complainant that he/she may submit the matter directly to the building principal or immediate supervisor, as appropriate. The complainant will be provided with necessary formal complaint procedure guidelines in accordance with **Board policy 1700 and applicable provisions of negotiated agreements**.

When a complaint is made directly to the Board as a whole or to an individual Board member, it will be referred to the superintendent for appropriate building administrator follow-up.

All staff members should familiarize themselves with Board policy and applicable provisions of administrative regulations and negotiated agreements regarding the handling of complaints.

Staff Complaints

Staff member complaints contending a violation, misinterpretation, or inappropriate application of district personnel policies and/or administrative regulations should be directed to the building principal or immediate supervisor for informal discussion and resolution.

If the complaint is not resolved informally, staff in accordance with Board policy and administrative regulations may initiate formal complaint procedures.

This complaint procedure may not be used to resolve disputes and disagreements related to the provisions of any negotiated agreement.

CONTRACTS AND COMPENSATION

Contracts for certified staff members will be initiated when hired.

Salaries, including compensation for extracurricular assignments over and above the duties associated with a staff member's regularly assigned duties, will be determined in accordance with salary schedules and salary placement guidelines established by the Board and/or policies adopted by the Board which are consistent with salary schedules and salary placement provisions of negotiated agreements.

It is the staff member's responsibility to provide all information necessary for placement on the salary schedule to the office in accordance with timelines established by the district and negotiated agreements.

Extra duty contracts are available from the Business Manager, to an extra-duty employee, upon approval by the Board of Trustees. The stipend contract amount will be paid in two installments. The first installment of fifty percent (50%) of the stipend will be paid two weeks after commencement of

duty if the employee has signed the completed contract. The final fifty percent (50%) of the stipend is paid upon satisfactory completion of duties as verified by building administration.

Building administration will notify the Business Manager that all stipend duties are complete and the Business Manager will release the check upon receipt of notice.

In the event extra duty employment occurs after the start of an activity, the first installment will be paid in the pay cycle following employment approval by the Board of Trustees.

CONFERENCES

Planned conferences between teachers and parents are essential to the district's efforts to further understanding and close cooperation between the home and school. Parent-teacher conferences are scheduled each fall and spring. The student may be included if the teacher or parent so desires.

Conferences should be treated as an opportunity for constructive, mutual exchange of information and ideas for the welfare and continued academic growth of the student.

Occasionally, teachers or parents may arrange for conferences outside regularly scheduled conference dates, to meet more immediate student needs. Teachers should be prepared to provide after-school or pre-school time to meet with students as necessary.

CONFIDENTIALITY

In certain circumstances employees may receive confidential information regarding students' or employees' medical, discipline or court records. Employees are required to keep student and personnel information in the strictest confidence and are legally prohibited from passing confidential information along to any unauthorized individual. If employees have any questions about access to confidential information, they should speak to their Supervisor.

An official personnel file is established for each person employed by the district. A staff member's personnel file may contain such information as applications for employment, references, records relative to compensation, payroll deductions, evaluations, complaints, and written disciplinary actions. CURRICULUM

Curriculum guides are available for all courses taught in the district. Curriculum guides reflect a consistent and coherent structure for the education of district students.

The curriculum established for the courses and grade levels of this district provides the flexibility necessary to meet the individual needs of students and their divergent learning rates and styles.

Deviations from established curriculum, textbooks, and instructional materials are not permitted without building principal approval. Teachers with questions should contact the building principal. Though teaching methodology may vary, classroom instruction is expected to reflect “best practices” consistent with research on effective instruction.

DISCIPLINE AND DISCHARGE

District employees who fail to fulfill their job responsibilities or to follow reasonable directions of their supervisors, or who conduct themselves on or off the job in ways that affect their effectiveness on the job, may be subject to disciplinary action up to and including termination. based on a failure to satisfactorily perform job duties, disruption of the District or member school district's operation, or other legitimate reasons.

Discipline and dismissal of staff will follow due process, administrative regulation, relevant provisions of negotiated agreements, and applicable law. Employee discipline will follow progressive discipline steps (verbal reprimand, written reprimand(s), plan of improvement, and termination). Any of these steps may be skipped if the actions of the employee are deemed by the superintendent to rise to a level of a stricter disciplinary action. See District **Policy 5255**

EMERGENCY CLOSURES

In the event of hazardous or emergency conditions, all district schools or selected schools or grade levels may be closed, or schedules altered to provide delayed openings of school and/or early dismissal of students as appropriate.

Late Start

Employees are then directed to complete an absence slip and indicate “other” and then list the time of the SDC and the road for which it was issued. For example, SDC 7-9AM Highway 93. Staff will be allowed one hour from the end of the SDC to travel to work. The time lost due to a Severe Driving Condition (SDC) situation along with the one-hour travel time will not be charged against the employee. There are three ways to keep informed about a SDC, through the local TV and radio stations, www.mdt.mt.gov or call 511.

The above guidelines are only for daily travel to work. These do not apply to returning home from a weekend trip, Christmas or Thanksgiving Holidays.

If you have questions concerning District compliance with state and federal equal opportunity employment laws, contact the District’s Non-Discrimination Coordinator, Dave Thennis OR Section 504/ADA Coordinator, Sierra Hankinson; Title IX Coordinator, Eric Larson; and Age Discrimination Coordinator Dave Thennis at the Stevensville Public Schools (406)777-5481. Teacher leave requiring salary deduction requests will go through proper procedures but will generally not be granted.

Classified staff leave requiring salary deduction request will go through proper procedures and will be handled on a case-by-case basis but in general will not be granted. In no way does approval of one salary deduction leave request set precedent to approve any other such requests.

All staff members are expected to conduct their work in compliance with first aid and infection control procedures established by the district and the following safety rules of the district:

1. All injuries shall be reported immediately to the person in charge or other responsible representative of the district;
2. It is the duty of all employees to make full use of safeguards provided for their protection. It shall be the employee's responsibility to abide by and perform the following requirements:
 - a. An employee shall not operate a machine unless guard or method of guarding is in good condition, working order, in place, and operative;
 - b. An employee shall stop the machine or moving parts and properly tag-out or lock-out the starting control before oiling, adjusting, or repairing, except when such machine is provided with means of oiling or adjusting that will prevent possibility of hazardous contact with moving parts;
 - c. An employee shall not remove guards or render methods of guarding inoperative, except for the purpose of adjustment, oiling, repair, or setting up a new job;
 - d. Employees shall report to their supervisor any guard or method of guarding that is not properly adjusted or not accomplishing its intended function;
 - e. Employees shall not use their hands or any portion of their bodies to reach between moving parts or to remove jams, hang-ups, etc. (use hook, stick, tong, jig, or other accessory);
 - f. Employees shall not work under objects being supported that could accidentally fall (such as loads supported by jacks, the raised body of a dump truck, etc.), until such objects are properly blocked or shored;
 - g. Employees shall not use defective tools or equipment. No tool or piece of equipment should be used for any purpose for which it is not suited, and none should be abused by straining beyond its safe working load;
3. Employees shall not remove, deface, or destroy any warning, danger sign, or barricade or interfere with any other form of accident prevention device or practice provided on any machine, tool, or piece of equipment which they are using or which is being used by any other worker;

4. Employees must not work underneath or over others, thereby exposing them to a hazard without first notifying the other employee(s) or seeing that proper safeguards or precautions have been taken;
5. Employees shall not work in unprotected, exposed, or hazardous areas under floor openings;
6. Long or unwieldy articles shall not be carried or moved, unless adequate means of guarding or guiding are provided to prevent injury;
7. Hazardous conditions or practices observed at any time shall be reported as soon as practicable to the person in charge or some other responsible representative of the employer;
8. Employees observed working in a manner that might cause immediate injury to either themselves or other workers shall be warned of the danger;
9. Before leaving a job, workers shall correct, or arrange to give warning of, any condition which might result in injury to others unfamiliar with existing conditions;
10. Good housekeeping methods shall be observed in all operations. Materials shall be so handled and stored as to minimize falling, tripping, or collision hazards;
11. Working and storage areas and passageways shall be kept free of unnecessary obstructions. No loose object shall be placed in any area where its presence will necessitate employees crowding between such objects as moving machinery, steam pipes, or other objects with which contact would be dangerous;
12. Any materials that might cause an employee to slip or fall shall be removed from floors and other treading surfaces immediately, or suitable means or methods shall be used to control the hazardous condition;
13. All sharp, pointed, or otherwise hazardous projections in work areas shall be removed or rendered harmless.

STAFF/PARENT RELATIONS

The district encourages parents to be involved in their student's school experience. Teachers are advised that unless otherwise ordered by the courts, an order of sole custody on the part of one parent does not deprive the other parent of certain rights. It is the responsibility of the parent with sole custody to provide to the district any court order that curtails the rights of the non-custodial parent.

A non-custodial parent may receive and inspect the school records pertaining to their student and to consult with teachers concerning their student's welfare and education.

Non-custodial parents will not be granted visitation or telephone access to their student during the school day. Students may not be released to the non-custodial parent without the written permission of the parent having sole custody.

In the case of joint custody, it is the responsibility of the parents to provide the district, in writing, any special requests or clarifications in areas concerning the student and the district's relationship and responsibilities. Such information will be maintained on file in the office and provided to staff as appropriate.

Staff members with questions regarding custodial and/or non-custodial parent rights with respect to particular students should contact the office.

STAFF ROOM

A staff room is provided for staff use during break, lunch, and preparation periods as may be appropriate. All staff are expected to "pitch in", as needed, to help keep this gathering area clean and orderly.

Personal items of value should not be left in the staff room. Staff members leaving such items in the staff room do so at their own risk.

Students are not permitted in the staff room.

SUPERVISION OF STUDENTS

Staff members are responsible for the supervision of all students while in school or engaged in school-sponsored activities.

All teachers are expected to be in their classrooms prior to the arrival of students.

Under no circumstances are classrooms or other areas where students are under the supervision of assigned staff to be left unattended while students are present. Teachers who may need to temporarily leave the classroom or their assigned duties in an emergency situation while students are present are expected to contact the office to arrange for temporary coverage.

No other staff member may leave their assigned group unsupervised except as appropriate supervision arrangements have been made to take care of an emergency.

During school hours or while engaged in school-sponsored activities, students may be released only into the custody of parents or other authorized persons.

TEACHING ABOUT RELIGION

Religious education is the responsibility of the home and religious institutions. Public schools are obligated to maintain neutrality in all such matters.

However, as religion influences many areas of education, such as literature and history, its role in civilization may be taught when consistent with curriculum and teaching assignment. In such instances, teachers may provide information and opportunity for students to study the forms of various religions.

Teachers may not advocate, openly or covertly or by subtlety, a particular religion or religious belief.

TELEPHONES

Telephones are available throughout the building for staff convenience. Long-distance calls for district business and personal use may be placed. Staff members are responsible for all costs related to long-distance calls made for personal use.

Staff members need to use proper judgment when using personal telephones. Phones should not be used during instructional time unless directly related to immediate instruction.

TOBACCO-FREE ENVIRONMENT

The District maintains tobacco-free buildings and grounds. Tobacco includes but is not limited to cigarettes, cigars, snuff, smoking tobacco, vaporized/e-cigarettes and smokeless tobacco. See **Policy 5225** for more information.

Use of tobacco products in a public school building or on public school property is prohibited, unless the use of a tobacco product in a classroom or on other school property as part of a lecture, demonstration, or educational forum sanctioned by a school administrator or faculty member, concerning the risks associated with using tobacco products.

For this purpose, “public school building or public school property” means:

Public land, fixtures, buildings, or other property owned or occupied by an institution for the teaching of minor children that is established and maintained under the laws of the state of Montana at public expense; and includes playgrounds, school steps, parking lots, administration buildings, athletic facilities, gymnasiums, locker rooms, and school buses.

USE OF PRIVATE VEHICLES FOR DISTRICT BUSINESS

The use of private vehicles for district business, including the transportation of students, is generally discouraged. Staff members should use district-owned vehicles whenever possible, scheduling activities and other transportation far enough in advance to avoid any non-emergency use of private vehicles. No staff members may use a private vehicle for district business without written permission from the building principal.

USE OF SCHOOL PROPERTY/ELECTRONIC COMMUNICATION SYSTEM/SOCIAL NETWORKING PAGES

Employees may not use any District facility, vehicle, electronic communication system, equipment, or materials to perform outside work. These items (including security codes and electronic records such as e-mail) are District property. Employees may not use a code, access a file, or retrieve any stored communication unless they have been given authorization to do so. Employees cannot expect confidentiality or privacy of the information in their e-mail accounts and should review **Policy 5450** for specific information regarding use of the Internet. Authorized District personnel may monitor the use of electronic equipment from time to time, and violations of **Board Policy 5460** may result in discipline up to and including termination.

The on-campus and off-campus conduct of employees may impact their ability to function professionally and effectively in the District. Given student and parent interest in and use of electronic media, this is especially true as related to employees' action on electronic social networking websites. Employees may not set up or update their personal electronic social networking websites using the District's computers, network or equipment. Employees who set up personal electronic social networking webpages on their home or personal computers are responsible for the content of their webpages, including but not limited to: content added by employees, their friends or members of the public who can access their webpages, or content that is linked to the employees' webpages.

Employees who set up personal websites or webpages do so at their own risk; however, employees are strongly encouraged to keep their personal webpages private and to prevent students and the parents of students from accessing their personal webpages.

Employees who drive any District-owned vehicle and who receive a traffic citation during the year must report the citation to the Superintendent immediately.

VACANCIES/TRANSFERS

Voluntary and involuntary transfer of staff members may be authorized by the superintendent based on district personnel needs and in accordance with district procedures and negotiated agreements.

CLASSROOM AND STUDENT LEVEL OPERATIONS

ACADEMIC FREEDOM AND CONTROVERSIAL ISSUES

The Board encourages and supports the concept of academic freedom, recognizing it as a necessary condition to aid in maintaining an environment conducive to learning and to the free exchange of ideas and information. However, in the study and discussion of controversial issues and materials, teachers will take into account the relative maturity of students, District philosophy of education, community standards, morals and values, necessity for a balanced presentation, and the necessity to seek administrative counsel and guidance in such matters. See Board Policy 2330.

ADMINISTERING MEDICINES TO STUDENTS

Students who must take prescription and/or over-the-counter medication at school, on a temporary or regular basis, must provide a written request to administer medication, signed by the parent. All medications will be kept in locked storage in the office unless a student must carry medication on his/her person during the school day. Parents of students who must carry and self-administer medication must complete the Montana Authorization to Possess or Self-Administer Medication form and return it to the building office.

If the student refuses to take the medication, staff are expected to notify the parent as soon as possible. Attempts to contact parents must be documented as to date and time.

ANAPHYLAXIS

Stevensville Schools will make appropriate reasonable building accommodations within a reasonable degree of medical certainty to address allergens. Staff will be provided with Health Alert information and any supplemental written plans as well as instructions on the management of life-threatening health care conditions. In the event a student or employee experiences an allergic reaction notify the school nurse immediately.

The school does maintain a supply of non-individual specific medication (epi-pen) for use in the case of an anaphylaxis emergency.

All staff will be trained in the emergency administration of this medication.

ASSEMBLIES

Students are required to attend all assemblies. Those who refuse are to be referred to the office. All staff are assigned to specific supervision duties during assemblies and are expected to be in their assigned areas. Students may be removed from an assembly as deemed necessary by the staff member. Generally, all students should be dealt with directly and/or referred to the office in accordance with established building discipline procedures.

CLASS INTERRUPTIONS

The district is committed to protecting instructional time. Class interruptions of any kind will be kept to a minimum. Students are not to be permitted to interrupt a class in session without authorization from the office. Intercom use is restricted to administrative use or administrative approved use only.

COMMUNICABLE DISEASES/STUDENTS WITH HIV, HBV, AIDS

Protection from communicable disease is generally provided through immunization, exclusion, or other measures provided for in Montana Code Annotated and rules of the county health department. Services generally will not be provided to students excluded unless otherwise required by law.

In those cases, where a communicable disease is diagnosed and confirmed and the student would not be excluded from school, the district will inform the appropriate staff member to protect against the risk of exposure.

CONTESTS FOR STUDENTS

The district cooperates with individuals, community organizations, and agencies desiring to sponsor contests for students, when such activities can be integrated into the school program without disruption or loss of instructional time for the student and without imposing an unreasonable added workload on staff. All such contests must be consistent with the purposes and educational aims of the district.

Teachers sponsoring such activities are responsible for the preparation and circulation of all informational materials and for other administrative work required in the grading, judging, or evaluation of the participants' work.

The school may not be used to promote private or commercial interests, nor may the school be used for the direct sales promotion of individual competitive goods or services.

CORPORAL PUNISHMENT

The district strictly prohibits the use of corporal punishment of any form. Corporal punishment is defined as the willful infliction of, or willfully causing the infliction of, physical pain.

A staff member is authorized to employ physical force when, in his/her professional judgment, the physical force is necessary to prevent a student from harming himself/herself, others, or doing harm to district property.

DISMISSAL OF CLASSES

Teachers should never dismiss a class before the established dismissal time. Detaining the entire class after dismissal time is also discouraged. Whenever individual students are detained after class, the teacher is expected to provide the student a note for the student's next class teacher. This will help reduce unnecessary hall traffic, as students reporting to class late will need to account for their tardiness.

DISASTER DRILLS

There will be at least eight (8) disaster drills a year, four (4) of which will be fire drills. All teachers will discuss fire drill procedures with their class at the beginning of each year. The drills will be held at different hours of the day or evening to avoid distinction between drills and actual disasters.

A map/diagram of the fire escape route to be followed should be posted near the classroom doorways and reviewed with students. The warning signal for a fire alarm/drill is a tone. Upon the sounding of a fire alarm, teachers are required to:

1. Immediately direct all students to orderly exit the building using the evacuation route posted. Students may not stop at lockers, drinking fountains, restrooms, etc., along the way;
2. Close windows, turn off lights, and lock classroom door(s);
3. Take roll book and Green Emergency bag;
4. Escort class at least 50 feet from the building and take roll. Report any unaccounted students to the

- building principal;
5. Upon “all clear” signal, announced by administration, not by a bell/alarm signal, escort students directly back to class. Check roll.

FEATURE FILMS/VIDEOS

Building principal approval is required prior to showing a feature film/video to students in district classrooms. Only films/videos rated G, PG, or PG-13 may be authorized for classroom use (**see copywrite section of this handbook**). **Stevensville School District subscribes to an educational film supplier and generally only movies from this list will be approved unless a exception is granted by your building principal.**

Requests are to be submitted to the building principal at least five days prior to the proposed showing. Forms are available in the office.

The following information should be included:

1. Title and brief description;
2. Purpose for the showing;
3. Match with course objectives;
4. Proposed date of showing;
5. When and how parents will be notified, or if necessary grant consent;
6. Viewer Audience rating of G, PG, etc...

The showing of all feature films/videos with a G rating requires an annual one-time prior parent notification from the staff member.

FIELD TRIPS AND SPECIAL EVENTS

The building principal may authorize field trips and other student activities involving travel, when such trips or activities contribute to the achievement of desirable educational goals.

Requests should be submitted to the building principal well in advance of the proposed activity. All such requests will be considered, based on such factors as availability of funds, the educational value derived, the safety and welfare of the students involved, impact on the regular school program, and availability of appropriate supervision, either from within school staff or from volunteers.

Staff members should contact the office for appropriate substitute and vehicle arrangements and related field trip procedures and forms.

The Board must approve all out-of-state travel.

GRADING

The evaluation of student progress is a primary responsibility of all teachers. The highest possible level of student achievement is a common goal of both the district and the home. As a close working relationship between the district and the home is essential to the accomplishment of this goal, regular communications with parents is essential.

Grades are to be updated on a weekly basis in the Infinite Campus student information system unless otherwise approved by the building administrator for unique circumstances such as a cumulative project.

Teachers should use a variety of communication devices, including telephone and personal conferences as well as written grade reports, to keep parents well informed. At the beginning of the grading period, students and parents are to be informed regarding the basis of the grades and the methods to be used in determining grades.

In grades K-3, grading will follow standards-based criterion established for student grading and progress.

In grades 4-12, letter grades will be used as follows:

- A — Superior 90-100
- B — Above Average 80-89
- C — Average 70-79
- D — Below Average 60-69
- F — Failing 0-59
- P — Pass - credit granted, non-graded course
- NP — No Pass - credit denied, non-graded course
- I — Incomplete
- W — Withdrawal

Minus (-) and Plus (+) signs may be used to indicate achievement on report cards but are not used in grade point average calculation.

Grading will be on a nine-week (quarter) basis. Quarter grades and semester exams (as required) will be used to calculate the semester grade and credit earned.

Due-process procedures will be provided to all students whose grade is reduced or credit denied for attendance rather than academic reasons. Reasons for the student's absence will be considered. No grade may be reduced or credit denied based on absence due to religious reasons, a student's disability, or an excused absence as determined by district policy. Such notice is to be included in each teacher's syllabus and distributed to students at the beginning of the grading period.

Special education students are to receive grades based on progress toward goals stated in the Individual Education Program (IEP).

HOMEWORK

Teachers are expected to follow building level homework procedures as outlined by building administration. Ample time should be given to students to complete work during block scheduling classes and student homework should be a result of student time management.

The information for any homework assignment should be clear and specific so that the student can complete the assignment. Homework should not require the use of reference materials not readily available in most homes, school libraries, or the public library. Homework should require the use of those materials only when the student has had instruction in such use.

MAKE-UP WORK

A student who has an excused absence from class is to be permitted to make up those assignments that he/she has missed. The student is expected to make arrangements with the teacher on his/her first day back in class, for the work missed due to absence.

Any student truant from school will not be allowed to make up missed work.

A student suspended from school may be permitted, as provided by **Policy 3300**, to make up work upon his/her return from the suspension in accordance with student handbooks.

MEDIA ACCESS TO STUDENTS

The media may interview and photograph students involved in instructional programs and school activities, including athletic events. Such media access may not be unduly disruptive and must comply with Board policies and district goals.

Media representatives are required to report to the building principal for prior approval before accessing students involved in instructional programs and activities not attended by the general public.

Information obtained by media representatives directly from students does not require parental approval prior to publication by the media. Parents who do not want their student interviewed or photographed by the media may direct their student accordingly.

Staff may release student information to the media only in accordance with applicable provisions of the education records law and Board policies governing directory information and personally identifiable information.

MOVING CLASS/HOLDING CLASSES OUTDOORS

From time to time, teachers may find it necessary to temporarily move a class from their scheduled room or teaching area. Teachers are responsible for ensuring that both the office and students are informed of the change.

As holding classes outdoors often presents a distraction to students in the class, as well as to staff and students in other classrooms, teachers are expected to conduct their classes in their scheduled rooms unless otherwise assigned by the building principal.

From time to time, certain class assignments may be more appropriately conducted outdoors. Prior building principal approval is required for all such activities.

RELEASE TIME FOR RELIGIOUS INSTRUCTION

Students may be excused from school for religious instruction, in accordance with board policy. Teachers will be notified by the office of any students in their class to be excused.

Any student unable to attend classes on a particular day, due to religious beliefs, is to be excused from attendance requirements for that day.

No such absences shall be counted against a student in determining failure or reduction of grades. Any tests and assignments a student misses because of such absences are to be given to the student upon his/her return to school or at such other times as may be deemed appropriate by the teacher. Please see **District Policy 2334**.

RESUSCITATION

No staff member may comply with any directive from parents or others, written or verbal, that life-sustaining emergency care be withheld from a student in need of such care while under the control and supervision of district staff.

Life-sustaining emergency care means any procedure or intervention applied by appropriately trained district staff that may prevent a student from dying who, without such procedure or intervention, faces a risk of imminent death. Examples of life-sustaining emergency care may include: efforts to stop bleeding, unblocking airways, mouth-to-mouth resuscitation, and cardiopulmonary resuscitation (CPR).

In a life-threatening situation, staff members are expected to dial 911 for medical assistance and provide life-sustaining emergency care to any student requiring it in order to sustain life, until relieved by paramedics or other appropriate medical personnel.

SPECIAL EDUCATION

It is the responsibility of every teacher to provide a free and appropriate education to all students and to implement instructional and classroom accommodations required by a student's Individualized

Education Program. Teachers are required to meet with the assigned special education case manager to insure correct implementation of accommodations See Policies 2161 and 2161P.

STUDENT ACTIVITY FUNDS

All moneys raised or collected by and/or for school-approved student groups are to be receipted and deposited into a checking account administered by the District Office. The Activities Director and the District Office must approve all student activity fund expenditures.

All expenditures from the general account of student activity funds must also be approved by the school-recognized student government organization if such organization exists. Funds derived from the student body, as a whole shall be expended to benefit the student body as a whole.

The members of that organization and their staff adviser must approve all expenditures from a specific account of student activity funds related to other school-recognized student groups. Funds derived from authorized clubs and organizations shall be expended to benefit the specific club or organization and, to the extent possible, to benefit those subjects currently in school who have contributed to the accumulation of the funds.

STUDENT CONDUCT

All students are to comply with district policy, written building and classroom rules, pursue the prescribed course of study, submit to the lawful authority of teachers and school officials, and conduct themselves in an orderly manner at school during the school day or during school-sponsored activities.

In addition to adopted Board policies governing student conduct, administrative regulations specifying student-conduct expectations have been established. These rules apply to actions which occur on district property, at any district-sponsored activity regardless of location; or when traveling to or from school for district-sponsored activities. Disregard of these rules constitutes grounds for suspension, expulsion, or other reasonable disciplinary action.

All teachers are expected to review the student conduct rules contained in the Student/Parent Handbook with their students during the first week of the school year.

Teachers may also develop student conduct rules unique to individual classrooms. All such rules must be consistent with district policy and local building administrative regulations governing student conduct and discipline. Classroom rules and consequences are to be reviewed with students, posted in classrooms, and made available to parents.

Classroom rules and consequences are to be submitted to the building principal for review and approval.

STUDENT DETENTION

Teachers may detain a student after school hours for disciplinary reasons, provided the parent has been notified of the detention and, in the case of bus students, prior arrangements have been made for the student's transportation home.

Parents may be asked to arrange for the transportation of the detained student; however, if the parent cannot or will not provide it, an alternative disciplinary procedure must be substituted.

Students who are detained after school are not to be left unsupervised during their detention.

STUDENT/PARENT HANDBOOK

A student/parent handbook is issued to all students at the beginning of each new school year and at the time of registration for new students moving into the district at other times of the year.

All staff are expected to familiarize themselves with the general information, administrative rules and procedures pertaining to students, as set forth in the student/parent handbook and in Board policy.

Teachers are expected to review the handbook with students during the days/times designated by the building principal.

STUDENT TRANSPORTATION

Student Transportation in Private Vehicles

Transportation of students to and from school and to curricular and extracurricular activities sponsored by the district is provided by the district's transportation system in accordance with district policy.

Parents, employees, and other designated adults may be permitted to use private vehicles to transport students other than their own on field trips or other school activities only with prior building principal approval.

No student is to be permitted to perform district business with his/her own vehicle, a staff member's vehicle, or a district-owned vehicle.

Student Transportation in District Vehicles

District employees are required to complete a state certified defensive driving course prior to transporting student in District cars or vans.

STUDENT WITHDRAWAL FROM SCHOOL

Upon notification by the office of a student withdrawal from school, teachers are expected to complete the student withdrawal form, including grade earned to date.

Teachers are expected to make a complete accounting of any unreturned or damaged books, locks, materials, supplies, equipment, or other district property, including replacement costs, if known. Submit the list to the office.

VISITORS

Students are not permitted to bring visitors to school without prior approval of the building principal.

Staff members are expected to report any unauthorized person on school property to the building principal.

The Stevensville Public Schools maintains a District and School website. It is the goal of the Stevensville School District that the District and School websites will meet all criteria specified in WCAG 2.0 Level AA. All content to be posted on the website must be submitted to the District appointed personnel charged with accessibility compliance and website content.
